excellent standard of care and to really get to know your children well. With two staff based in the room, activities may involve anything from games and singing to puzzles, messy play or cooking. The baby room also has its own shady garden, ideal for very little ones.

Main Room (2 to 5 years)

The main room at Little House takes 30 two to five year olds. As a former community hall the main room has an open plan feel, with a separate stage area for age appropriate activities. The room has direct access to the garden with its playhouse trampoline and slide which the children are able to enjoy on a daily basis.

Daily activities in the room may include painting, colouring, sticking, role play, reading in the book corner or even cooking. This is just a small snapshot of what the children do in a day as the activities are very varied. Older children will also be offered more ‘structured’ activities which will aid their learning in Jolly Phonics with letters and numbers.

“The nursery is Ofsted registered & the nursery grant is available to all 3 and 4 year olds.”

All staff support this and consistently look to extend a child’s learning. In the year before leaving us to go to school we also engage in a number of pre-school activities. Each child is given the opportunity to add a pre-school afternoon (if they don’t already do afternoon sessions) to their schedule in which they undertake

our pre-school teacher. This includes the Jolly Phonics with numbers and the beginning of reading. The children also bring a packed tea to nursery on their scheduled afternoon and eat separately from the other children as many will take a packed lunch to school with them the following September.
